**POSTPONEMENT OF PT ARCHI INDONESIA INITIAL PUBLIC OFFERING**

**Jakarta, 4 December 2014** – PT Archi Indonesia (“the Company”) today announces the postponement of the Initial Public Offering (“Offering”) that was planned to be performed on December 2014. The Company sees that the recent global macro economy and volatility of commodity prices, gold prices in particular, has not had a positive impact on the planned Offering.

Despite postponing the Offering, the Company continues its mining and gold production operations, focusing on occupational health and safety and also explorations.

The Company will keep monitoring market development and commodity prices and return with the Offering at the right time.
